

Interactive Spatial Data Visualisation Guide

This placeholder guide explains how to embed your official documentation. Replace this PDF with the real guide when it is ready.

How to update this guide

1. Create the official guide PDF for your users.
2. Place the file at frontend/public/guide.pdf or set VITE_GUIDE_PDF_URL.
3. Reload the dashboard to see the latest version.

Need a different file name?

Update VITE_GUIDE_PDF_URL in your environment to point at another asset without rebuilding.
